

Qualität ist kein Zufall, sondern das Ergebnis funktionierender Geschäftsprozesse™

KORN CONSULT GROUP is a well-known management consulting company and supports projects for customers in the automotive industry as well as mechanical and plant engineering. The aim of our activities is sustainable and high-quality management consulting. Our focus is on the implementation of Technologies & Operational Excellence, Supply Chain Management, Interim Management and Engineering Services. We define and live quality as well as project results according to the following philosophy:

Quality is not accidental, it is the result of effective business processes.

BY KORN CONSULT GROUP®

More about us at: www.korn-consult.com

In order to increase and strengthen our internal team of consultants for Europe-wide deployment at our customers we are currently looking for a

Quality Engineer (m/f/d)

Your new field of activity includes:

- Support in the planning and implementation of projects and project modules at our customers on site
- Support for suppliers on quality-related issues
- Takeover of sub-projects in the area of supplier development and supplier management with the securing of complex supply chains
- Support in the implementation of weak point analyzes and implementation concepts
- Responsible completion of transferred project work

You bring along the following qualifications:

- Successfully completed studies as a Bachelor of Engineering in production technology, civil engineering, mechanical engineering etc. or comparable studies
- At least 2 years of professional experience in the industry - preferably in the automotive and supplier industries
- Experience with the use of common automotive quality, logistics and project management tools such as LPA, Poka Yoke, 8D method, Six Sigma, QVP / APQP, FMEA, PPAP, etc.
- Successfully completed VDA 6.3 / IATF 16949 training is of advantage

Your personality profile suits us if you:

- Are persuasive and assertive and you have a high level of communication skills
- Are ready to take responsibility and you have a strong hands-on mentality
- Have high willingness to travel to the locations of our customers

We offer you:

- Interesting and varied project assignments across Europe
- Opportunities for advancement and continuous professional development through regular trainings and in-house courses
- A motivated team and flat hierarchies with short decision-making processes
- Performance-based remuneration and attractive benefits

Have we awakened your interest?

Then we look forward to receiving your informative application documents stating your salary expectations and the earliest possible starting date - preferably by E-mail with the subject "Quality Engineer (m/f/d)" to Mrs. Reiners at: career@korn-consult.com

KORN CONSULT GROUP is looking forward to meeting you!
